VK-WGL-SA Semi Automatic Wet Cold Glue Labeling Machine

Semi automatic wet cold glue labeling machine is applicable to all kinds of objects on round bottles paste labeling, separation, gluing, labeling, covered labeled automatically, reducing manual labeling process, improve labeling efficiency. Coating evenly with filamentous stripes, do not wrinkle, improve packaging grades. Especially suitable for labeling middle and small batch production, such as food, alcohol and other labeling.

This machine is suitable for labeling round bottles, jars, tins, cans, and other cylindrical objects. It can achieve a labeling throughput of up to 15 containers per minute, depending on the product and label size, as well as operator efficiency.

Details:

Application:

Technical Parameter:

Model	VK-WGL-SA
Labeling capacity	15-30pcs/min
Labeling accuracy	±1.0 mm (not include bottle and label accuracy error)
Label material	Paper label
The suitable size of label length	80-380mm
The suitable size of label height	40-175mm
Total Power	100w
Power supply	AC220V/110V, Single phase
Net weight	50kg
Machine size	580 * 420 * 290mm (length * width * height)
